SUBJECT INDEX*

Book reviews are indicated by (B. Rev.) after the page number; editorials by (*E*) after the page number.

A

Abdominal wounds, disruption of (Shipley), 517
Academy of Medicine, résumé of American Society of Anesthetists at (Rigler), 159
Acute appendicitis (Sperling and Myrick), 255
  intestinal obstruction, hernia as etiologic factor in (Morris and Johnson), 903
Adhesions, peritoneal, papain and (Elliott and Meleny), 785
Air, sterilization of, in operating rooms by bactericidal radiant energy (Hart), 770
Amebiasis, surgical complications of (Ochsner), 633 (*E*)
American Academy of Orthopaedic Surgeons (Williamson), 646
  Association For Cancer Research (Bell), 977
  of Anatomists (Boyden), 820
  of Pathologists and Bacteriologists (Bell), 979
  Chamber of Horrors, 484 (B. Rev.)
  Roentgen Ray Society (Rigler), 153
  Society of Anesthetists (Tuohy), 159
Amputation, method of testing superficial blood circulation for considering indication and proper level of (Nyström), 487
Anesthesia, evipal (Dunphy, Alt, and Reiling), 265
  general, convulsions associated with (Lundy), 666
Appendicitis, acute (Sperling and Myrick), 255
Ascending colon, simple ulcer of (Wilkie), 655
Astragalus, complete compound comminuted fracture-dislocation of (Conwell and Alldredge), 222
Atresia ani vaginalis (David), 163
Autonomic central influence, physiologic effects produced by (Adson), 425

B

Bactericidal radiant energy, sterilization of air in operating room by (Hart), 770
Benign tumors of stomach (Hunt), 711
Beye, Howard L., in memoriam (Miller), 285
Bile salts, disappearance of gallstone shadows following prolonged administration of (Rewbridge), 395
Blood concentration produced by plasmapheresis (Harkins and Harmon), 276
  flow and oxygen consumption of kidneys of unanesthetized dogs, effects of ureteral occlusion on (Levy, Mason, Harrison, and Blalock), 238
  pressure following splenectomy, significance of temporary elevation of (Holman), 688
Bone repair, venous stasis accelerates (Pearse, Jr., and Morton), 106
Books received, 162, 486, 984
Book reviews, 161, 321, 479, 652, 823, 982
Branchiogenic cysts in infancy (Beck), 792
Breast, cancer of, irradiation and surgery in treatment of (Trout), 454 (*E*)

C

Cancer of breast, irradiation and surgery in treatment of (Trout), 454 (*E*)
  gastrointestinal tract (Horsley), 722
Carcinoma of lung (Rienhoff, Jr.), 125 (*E*)
Care, preoperative and postoperative (Holman), 637 (*E*)
Cavity grafting, applications of (McIndoe), 535
Cecum, incipient volvulus of, associated with left-sided colon (Easton and Adams), 920
Cholecystectomy for complicated case of gallbladder disease (Ritchie), 581
Circulation, superficial blood, method of testing for considering indication and proper level of amputation (Nyström), 487
Cobefrin, comparative study of physiologic activity of epinephrine and (Tuohy and Essex), 564
Colon, ascending, simple ulcer and its complications of (Wilkie), 655
  left-sided, incipient volvulus of cecum associated with (Easton and Adams), 920
Congenital duodenal obstruction (Ladd), 878
  obstruction of small intestine (Bird), 456 (*E*)
  openings of rectum into vagina (David), 163
Convulsions associated with general anesthesia (Lundy), 666
Cranial vault, treatment of osteomyelitis of (King), 401
Curette, uterine suction, diagnostic and therapeutic applications of (Novak), 610
Cysts, branchiogenic, in infancy (Beck), 792

D

Death in liver peritonitis, cause of (Trusler and Martin), 243
Diabetic with surgical complications and acute infections, treating (Duncan, Fetter, and Durkin), 939
Diagnosis, roentgen, advances in (Rigler), 640, 805
Diet, equal distribution of insulin and, in treating diabetic with surgical complications and acute infections (Duncan, Fetter, and Durkin), 939
Disease, gallbladder, pancreatic juice as factor in etiology of (Wolfer), 928
  Hirschsprung's; indications for and results obtained by sympathectomy (Adson), 859
  of coronary arteries and cardiac pain, 483 (B. Rev.)
Diverticulosis of small intestine (Guthrie and Hughes, Jr.), 595

*January, pp. 1-162; February, pp. 163-322; March, pp. 323-486; April, pp. 487-654; May, pp. 655-824; June, pp. 825-992.

Drain, improper use of word (Rienhoff, Jr.), 129 (*E*)
Duodenal obstruction, congenital (Ladd), 878

E

Edema in surgical patients (Curphey and Orr), 589
nutritional, effects on gastric emptying time before and after gastric operation (Mecray, Barden, and Ravdin), 53
Editorial announcement (Ochsner and Wangensteen), 4
Epinephrine, comparative study of physiologic activity of cobefrin and (Tuohy and Essex), 564
Erythrocytes and leucocytes in peripheral blood of rats and rabbits under ether and sodium amytal anesthesia, effect of splenectomy on (Higgins and Corwin), 703
Evipal anesthesia (Dunphy, Alt, and Reiling), 265

F

Fascial planes in neck and thorax, relation of spread of infection to (Coller and Yglesias), 323
Femur, ununited fracture of neck of (Campbell), 499
Fistula, gastrojejunocolic, technic applicable to (Allen), 338
spontaneous internal biliary, and gallstone obstruction (Borman and Rigler), 349
Fluids, parenteral, use of (Nadler), 964
Foreword (Mayo), 1
Fracture, nonunion of, treatment of, with bone grafts fixed by metal screws (Key), 730
of upper jaw, treatment of (Blair, Brown, and Byars), 748
ununited, of neck of femur (Campbell), 499
Fracture-dislocation, complete compound comminuted, of astragalus (Conwell and Alldredge), 222
French Surgical Association (White), 318
Fusion, hip joint (Speed), 740

G

Gallbladder disease, pancreatic juice as factor in etiology of (Wolfer), 928
suggestion in technic of cholecystectomy for complicated case of (Ritchie), 581
perforation of (Sanders), 949
Gallstone obstruction, spontaneous internal biliary fistula and (Borman and Rigler), 349
shadows, disappearance of, following prolonged administration of bile salts (Rewbridge), 395
Gangrene of intestine, fundamental considerations in operative treatment of advanced intestinal obstruction with especial reference to management of cases complicated by (Gatch), 896
Gastroenterostomy, prevention and arrest of hemorrhage following (Bird), 800 (*E*)
Gastric emptying time, effect of nutritional edema before and after gastric operations on (Mecray, Barden, and Ravdin), 53
Gastrojejunocolic fistula, aseptic technic applicable to (Allen), 338
Gastrointestinal tract, observations on cancer of (Horsley), 722
General anesthesia, convulsions associated with (Lundy), 666
Grafting, cavity (McIndoe), 535
Grafts, bone, treatment of nonunion fixed by metal screws with (Key), 730

H

Heister, valves of, function of (Lichtenstein and Ivy), 38
Hematoma, chronic subdural; condition that follows everyday accidents (Craig), 761
Hemorrhage, prevention and arrest of, following gastroenterostomy (Bird), 800 (*E*)
Hernia as etiologic factor in acute intestinal obstruction (Morris and Johnson), 903
Hip joint fusion (Speed), 740
Hirschsprung's disease; indications for and results obtained by sympathectomy (Adson), 859
Homografting of skin: with report of success in identical twins (Brown), 558
Hydronephrosis due to obstruction at ureteropelvic junction, operative treatment of (Creevy), 228
Hypertension, persistent, due to hypothalamic injury (Walter and Pijoan), 282

I

Identical twins, homografting of skin, with report of success in (Brown), 558
In memoriam, Howard L. Beye (Miller), 285
Infancy, branchiogenic cysts in (Beck), 792
Infection, relation of the spread to fascial planes in neck and thorax of (Coller and Yglesias), 323
postoperative wound and use of silk (Shambaugh and Dunphy), 379
Injury, hypothalamic, persistent hypertension due to (Walter and Pijoan), 282
Insulin, equal division and distribution of diet and, in treating diabetic with surgical complications and acute infections (Duncan, Fetter, and Durkin), 939
International Society of Orthopedic Surgery (Ghormley), 318
of Urologists (Hinman), 144
Intestinal coils, small, general pattern and location of (Morse and Naslund), 886
obstruction, acute, hernia as etiologic factor in (Morris and Johnson), 903
potassium in (Scudder, Zwemer, and Truszkowski), 74
advanced, fundamental considerations in operative treatment of, with especial reference to management of cases complicated by gangrene of intestine (Gatch), 896
complicating pregnancy (Eliason and Erb), 65
present status of problem (Wangensteen), 959 (*E*)
symposium on, 825
therapeutic management of (Orr), 838
Intestine, gangrene of, fundamental considerations in operative treatment of advanced intestinal obstruction with especial reference to management of cases complicated by (Gatch), 896
small, congenital obstruction of (Bird), 456 (*E*)
diverticulosis of (Guthrie and Hughes, Jr.), 595
Intussusception, treatment of (Hipsley), 825
Iodine, urinary loss of, following total thyroidectomy (Curtis, Barron, and Matthews), 92
Irradiation and surgery in treatment of cancer of breast (Trout), 454 (*E*)

J

Jaw, upper, treatment of fracture of (Blair, Brown, and Byars), 748
Joint, hip, fusion (Speed), 740

L

La Mettrie (Millar), 623
Law of drugs and druggists, 653 (B. Rev.)
Lectures on embolism and other surgical subjects, 653 (B. Rev.)
Leucocytes and erythrocytes in peripheral blood of rats and rabbits under ether and sodium amytal anesthesia (Higgins and Corwin), 703
Liver peritonitis, cause of death in (Trusler and Martin), 243
Lung, the, 823 (B. Rev.)
  carcinoma of (Rienhoff, Jr.), 125 (*E*)

M

Medical morals and manners, 653 (B. Rev.)
Mettrie, la (Millar), 623
Minor surgery, 322 (B. Rev.)
  what is? (Royster), 286 (*E*)
Mole, massive congenital, fibromatosed pigmented, of scalp (Meyer), 616

N

Neck, relation of spread of infection to fascial planes in thorax and (Coller and Yglesias), 323
  of femur, ununited fracture of (Campbell), 499
Neurological surgery, 321 (B. Rev.)
Neurosurgery, recent advances in (Pilcher), 131, 290
Nutritional edema, its effect on gastric emptying time before and after gastric operation (Mecray, Barden, and Ravdin), 53

O

Obstruction, advanced intestinal, fundamental considerations in operative treatment of, with especial reference to management of cases complicated by gangrene of intestine (Gatch), 896
  at ureteropelvic junction, operative treatment of hydronephrosis due to (Creevy), 228
  congenital duodenal (Ladd), 878
    of small intestine (Bird), 456 (*E*)
  gallstone, spontaneous internal biliary fistula and (Borman and Rigler), 349
  intestinal, acute, hernia as an etiologic factor in (Morris and Johnson), 903
    potassium in (Scudder, Zwemer, and Truszkowski), 74
  complicating pregnancy (Eliason and Erb), 65
  present status of problem (Wangensteen), 959 (*E*)
  symposium on, 825
  therapeutic management of (Orr), 838
  of small intestine, factors determining selection of operation in (Morton), 848
Occlusion, ureteral, effects of, on blood flow and oxygen consumption of kidneys of unanesthetized dogs (Levy, Mason, Harrison, and Blalock), 238
Operating room, sterilization of air in, by bactericidal radiant energy (Hart), 770
Operation, factors determining selection of, in obstruction of small intestine (Morton), 848
  gastric, effect of nutritional edema on gastric emptying time before and after (Mecray, Barden, and Ravdin), 53
Operative treatment of advanced intestinal obstruction with especial reference to management of cases complicated by gangrene of intestine (Gatch), 896
  of hydronephrosis due to obstruction at ureteropelvic junction (Creevy), 228
Osteomyelitis of cranial vault, treatment of (King), 401
Oxygen consumption of kidneys of unanesthetized dogs, effects of ureteral occlusion on blood flow and (Levy, Mason, Harrison, and Blalock), 238

P

Pancreatic juice as a factor in etiology of gallbladder disease (Wolfer), 928
Papain and peritoneal adhesions (Elliott and Meleney), 785
Parathyroidectomy and sympathectomy, rationale of, in surgical treatment of scleroderma (Leriche, Jung, and De Bakey), 6
Parenteral fluids, use of (Nadler), 964
Peritoneal adhesions, papain and (Elliott and Meleney), 785
Peritonitis, pneumococcus (Cole), 386
Plasmapheresis, blood concentration produced by (Harkins and Harmon), 276
Pneumococcus peritonitis (Cole), 386
Post graduate surgery, 480, 824 (B. Rev.)
Postoperative and preoperative care (Holman), 637 (*E*)
  wound infections and use of silk (Shambaugh and Dunphy), 379
  separation (Fallis), 523
Potassium in acute intestinal obstruction (Scudder, Zwemer, and Truszkowski), 74
Pregnancy, intestinal obstruction complicating (Eliason and Erb), 65
Preoperative and postoperative care (Holman), 637 (*E*)
Proctology, 321 (B. Rev.)

R

Radiological Society of North America (Rigler), 314
Rectum, treatment of congenital openings into vagina of (David), 163
Roentgen diagnosis, advances in (Rigler), 640, 805

S

Scalp, massive congenital fibromatosed pigmented mole of (Meyer), 616
Scleroderma, surgical treatment of (Leriche, Jung, and De Bakey), 6
Screws, metal, treatment of nonunion of fractures with bone grafts fixed by (Key), 730
Silk, use of, postoperative wound infections and (Shambaugh and Dunphy), 379
Skin, homografting of (Brown), 558
Small intestinal coils, general pattern and location of (Morse and Naslund), 886
  intestine, diverticulosis of (Guthrie and Hughes, Jr.), 595
  obstruction of, factors determining selection of operation in (Morton), 848

Southern Surgical Association (Mahorner), 470
Sphincter of Oddi in man and certain representative animals (Boyden), 25
Spleen as regulator of circulation in temporary elevation of blood pressure following splenectomy (Holman), 688
Splenectomy, effect on number of erythrocytes and leucocytes in peripheral blood of rats and rabbits under ether and sodium amytal anesthesia of (Higgins and Corwin), 703
elevation of blood pressure following, significance of temporary (Holman), 688
Sterilization of air in operating room by bactericidal radiant energy (Hart), 771
Stomach, benign tumors of (Hunt), 711
Surgery and irradiation in treatment of cancer of breast (Trout), 454 (*E*)
minor, what is? (Royster), 286 (*E*)
recent advances in, department of, 131, 290, 458, 640, 805, 964
from bacteriologic viewpoint (Gardner, Jr. and Hart), 458
Surgical complications of amebiasis (Ochsner), 633 (*E*)
patients, edema in (Curphey and Orr), 589
treatment of scleroderma (Leriche, Jung, and De Bakey), 6
Sympathectomy and parathyroidectomy, rationale of, in surgical treatment of scleroderma, 6
